PRODUCT CERTIFICATE

Authorised Person AO 211, authorisation decision No 5/2007 dated 27.02.2007

Registration number: 09.066.088

In compliance with the provision of section 5, paragraph 2 of Government Order No 163/2002 Coll., which designates the technical requirements for selected building products, as amended by Government Order No 215/2016 Coll., the Authorised Person confirms that for the construction product

Steel enamelled tanks for storage of waste water, service water and drinking water,

nominal volumes from 4 to 10218 m³

Manufacturer:

Name, address: **VÍTKOVICE ENVI a.s., Ruská 1142/30
CZ - 703 00 Ostrava – Vítkovice**
Company Registration No.: **04528131**
Place of manufacture: **Ruská 1142/30, CZ - 703 00 Ostrava – Vítkovice**

it examined the source data submitted by the manufacturer, performed an initial product type test and evaluated the system for control of production, and it found that the specified product meets the requirements determined by the designated construction technical certificate associated with the basic requirements given in:

Construction technical certificate (STO) Reg. No. 09.066.087

The authorised person has ascertained that the production control system corresponds to the relevant technical documentation and ensures that the products put on the market meet the requirements designated by the aforementioned specifications and correspond to the technical documentation pursuant to section 4 paragraph 3.

One integral part of this certificate is the Evaluation Report No 09.415.799 dated 19.12.2016, containing the conclusions of the assessment, verification and results of tests, and basic description or depiction of certified product essential for its identification.

This certificate was first issued on 12.01.2017 and remains valid for the period during which the requirements designated in the stated specifications or production conditions at the place of production or production control system do not change significantly or unless the authorised person suspends or cancels the validity of this certificate.

At least once every 12 months the Authorised Person will perform supervision of the due functioning of the production management system, take samples at the place of production, test them and evaluate whether the product properties correspond to the given specifications pursuant to section 5 paragraph 4 of the above Government Order.

This language version of the certificate is a translation of a Czech official version No. 09.066.088 issued on 12.01.2017, which is deemed the only one applicable in the event of legal disputes and was printed on 12.01.2017.

Prague, date 12.01.2017

On behalf of the Authorized Body 211
